## EL CAREYES CLUB & RESIDENCES, MEXICO

On Mexico's Costa Alegre, Costa Careyes is a verdant swath of land and sea framed by golden beaches and dramatic cliffs topped with lavish, jewel-toned villas. Nestled in a biosphere preserve that is home to iguanas, dolphins and elusive jaguars, the eco resort-meets-eccentric-playground for the rich and famous was founded in the late 1960s by a former Italian banker. It also boasts world-class polo grounds, a turtle sanctuary and every level of accommodation including casitas, bungalows and Ocean Castles. Careyes' resident hotel has been refashioned into the elegant, contemporary El Careyes Club & Residences, offering new digs from which to launch your hiking, horseback riding, golfing or seafaring fun.
